

# SLC<sup>®</sup> Series 5 - Blank Card

## MODEL AUA00

(\*CLEI<sup>™</sup> Code: 5SPQAC87AA)

### 1. GENERAL

Teltrend's Model AUA00 Blank Card fills an empty slot of an AT&T SLC<sup>®</sup>-5 channel bank. It serves as a physical placeholder to restrict slot access from other channel units, but makes no electrical connection to the system itself.

#### 1.1 Issue and Reissue

Whenever this practice is reissued or revised, the reason for reissue or revision will be stated in this paragraph.

### 2. APPLICATIONS

**2.01** The AUA00 Blank Card is particularly useful in ISDN applications where a channel unit uses the time slot(s) of an adjacent physical position. The Blank Card prevents installation of another channel unit into the reserved position.

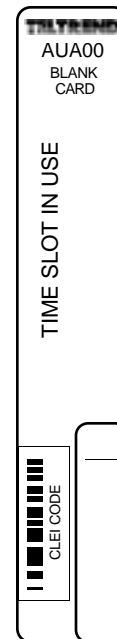

### 3. INSTALLATION

#### 3.1 Inspection

Upon receipt of the equipment, visually inspect it for signs of damage. If the equipment has been damaged in transit, immediately report the extent of the damage to the transportation company and to Teltrend.

#### 3.2 Unit Installation

The AUA00 mounts in a single position of a SLC<sup>®</sup>-5 RT or COT assembly but provides no electrical connection.

### 4. SPECIFICATIONS

**Dimensions:** Height, 3.5 in. (8.89 cm); Width, 0.64 in. (1.63 cm); Depth, 3.0 in. (7.62 cm)

**Weight:** Approx. 6 oz. (170 g)

### 5. ORDERING INFORMATION
