

Fiber Cleaning Products

Comprehensive selection of effective fiber connector cleaning solutions.

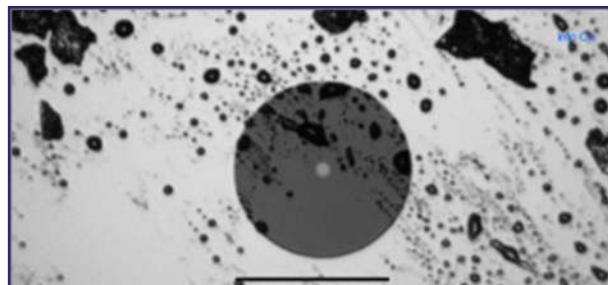

Features

- Connector cleaning for SC, LC, MPO, Optitap®, SN, CS and other styles
- Works with UPC or APC connectors
- Handle cleaners offer true one-click cleaning
- Works with unmated and in-bulkhead connections
- Robust mechanical construction for long service life

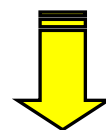

Applications

A clean connector is critical for proper network operation and satisfied customers. As network speeds continue to escalate, the impact of a dirty connection can result in expensive network downtime.

The fiber cleaning solutions are designed for quick and effective cleaning of most connector types. Designed using a woven braid of microfibers, the mechanical cleaners offer a clean surface for each connector. A solvent pen can be used with the cassette style cleaner to remove even the most challenging connector end faces.

BEFORE: End Face with Fingerprint

AFTER: End Face after Cleaning

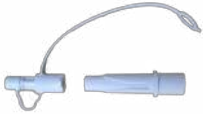

Unmated Connector Cleaning

In Bulkhead Cleaning

Ordering Information

Enginuity Part No.	Connector Type	Description	
ENG-SS-250	SC, FC, ST, E-2000	Fiber cleaner, 250um ferrules, for SC, FC, ST, E-2000 connectors, 750 cleanings, refillable	
ENG-SS-250-EV	SC, Pushlok®, FC, ST, E-2000	ENG-SS-250 cleaner including Cleaning Adapter for Evolv® connector ports	
ENG-CAEVLV-10	Pushlo®	Replacement Cleaning Adapter for Evolv® terminal's Pushlok® connector ports, fits ENG-SS-250 cleaner, 10pcs	
ENG-SS-250-R ENG-SS-250R-3	SC, FC, ST, E-2000	Refill for ENG-SS-250 fiber cleaner 3x refill for ENG-SS-250 fiber cleaner	
ENG-SS-M-250	SC, FC, ST, E-2000	Mini fiber cleaner, 250um ferrules, for SC, FC, ST, E-2000 connectors, 400 cleanings, non-refillable	
ENG-SS-125	LC, SN, CS	Fiber cleaner, 125um ferrules, for LC connectors, 750 cleanings, refillable	
ENG-SS-125-R ENG-SS-125R-3	LC	Refill for ENG-SS-125 fiber cleaner 3x refill for ENG-SS-125 fiber cleaner	
ENG-SS-M-125	LC, SN, CS	Mini fiber cleaner, 125um ferrules, for LC connectors, 400 cleanings, non-refillable	
ENG-MPO	MPO	Fiber Cleaner, MPO, 600 cleanings, non-refillable	
ENG-CCAS	SC, ST, FC, E2000, CS, SN, LC, MU, unpinned (female) MPO/MTP	Fiber cleaner cassette style, for SC, ST, FC, E2000, CS, SN, LC, MU, unpinned (female) MPO/MTP, 400 cleanings	

Ordering Information

Engenuity Part No.	Connector Type	Description	
ENG-FOCF1		Cleaning fluid, fiber optic connectors and splices, pump distribution can, 3-way dispensing cap, includes pin-point tube, travel safe, 1oz, order multiple of 12 pcs.	
ENG-CKIT-A		Cleaning kit for fiber connections, includes SC/FC click cleaner with EVOLV adapter (ENG-SS-250-EV), cassette cleaner (ENG-CCAS), cleaning fluid can (ENG-FOCF1), and carrying pouch (ENG-CASE).	
ENG-CKIT		Cleaning kit for fiber connections, includes SC/FC click cleaner (ENG-SS-250), cassette cleaner (ENG-CCAS), cleaning fluid can (ENG-FOCF1), and carrying pouch (ENG-CASE).	
ENG-CASE		Storage pouch, zippered, empty
